

A powerful 7.8kVA, single, petrol generator for industrial sites with a robust, compact and sturdy frame with protection plates against impacts. Ergonomic rubberized handle for easy carrying. Sturdy legs provide stability in all conditions. The Cyclone Quad Clean Air Filter offers four levels of filtration, effectively filtering out large particles and trapping the finest particles. It continuously supplies clean air to your engine, saving fuel to improve engine performance and extend its life.

WHY BUY FROM US?

- As low as a 24-hour lead time (subject to stock availability)
- High quality, European manufacturer
- Manufacturer's warranty
- Suitable for stand-by and prime applications
- No hassle delivery – our in-house logistics will take care of everything
- Flexible bespoke solutions – We can offer this product as part of package, or on it's own. Whatever you need, we can provide
